LAPAROSCOPY SET OVERVIEW

Telescopes

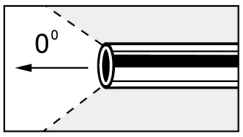

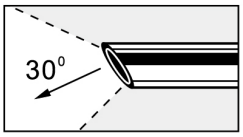

T9333-HD

	**Telescope 0°**	Ø 5 x 328
	Telescope 0° autoclavable	Ø 5 x 328
	**Telescope 30°**	Ø 5 x 328
	Telescope 30° autoclavable	Ø 5 x 328

T9330-HD

	**Telescope 0°**	Ø 5 x 328
	Telescope 0° autoclavable	Ø 5 x 328
	**Telescope 30°**	Ø 5 x 328
	Telescope 30° autoclavable	Ø 5 x 328

Veress Needle

Veress needle
FQL717
2.4 × 120 mm for safe and controlled abdominal access.

Adaptor
FQL717-AD
Compatible with Veress needle for secure connection.

info@medi-afric.com | Lebanon | www.medi-afric.com

Trocars & Cannula

Trocar with blunt obturator
FQL-704-03-01
10.5 × 100mm for safe entry.

Trocar with diamond obturator
FQL-70
10.5 × 100mm for precise penetration.

Trocar with diamond obturator
FQL-702-03-2
5.5 × 100mm

Trocar with blunt obturator
FQL-702-03-01
5.5 × 100mm .

Reducer
RED-10-5
For converting 10mm ports to 5mm.

Sealing caps
SC-5MM / SC-10MM
For maintaining insufflation integrity.

Irrigation System

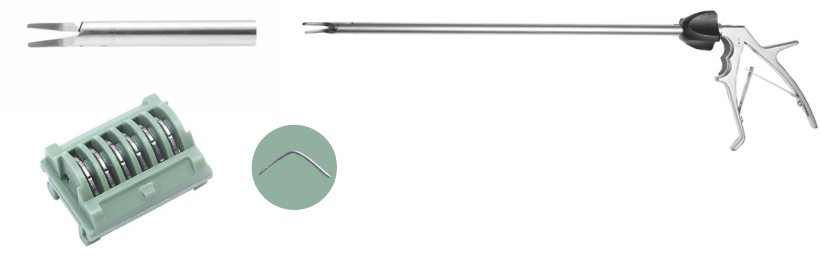

Suction and irrigation tube
FQL 715 XX
330mm - for fluid management during procedures.

Clip System

Clip Applicator
FQS100103
10mm - for secure vessel ligation.

Titanium clips
LT300
medium-large supplied in box

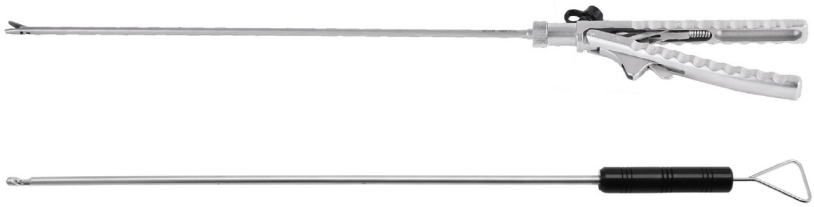

info@medi-afric.com | Lebanon | www.medi-afric.com

Suturing & Knotting

Curved needle holder
FQL713-04-CUR
5 × 330mm for precise suturing.

Knot pusher
FQL720
5 × 330mm for controlled knot placement.

Bipolar Instruments

Curved bipolar forceps
FKL817-C
For controlled dissection and coagulation.

Straight bipolar forceps
FKL817-S
For general use.

Monopolar Instruments

Monopolar cable
FQ910
Compatible with standard systems.

Hook electrode
FQD901-1
For precise cutting and coagulation.

Spatula electrode
FQD903
For broader tissue interaction.

Handles

Handle - A
Standard handle without ratchet for manual control.

Handle - B
Ratchet handle for sustained grip and stability.

Scissors & Dissection

Curved scissors
FQJ050202
Φ5 x 330 mm - For controlled cutting.

Dissecting forceps
FQF050203
90°, Φ5 x 330 mm - For tissue separation.

Curved dissecting forceps
FQF050202-H
Φ5 x 330 mm - For improved access.

Grasping Forceps

Rough tooth grasper
FQZ050101
Φ5 x 330 mm - For firm tissue hold.

Small claw forceps
FQZ050208
Φ5 x 330 mm - For delicate manipulation.

Atraumatic fenestrated grasper
FQZ050210
Φ5 x 330 mm - For reduced tissue damage.

Stomach grasper
FQZ050342
Φ5 x 330 mm - For secure handling.

Maxi forceps
FQZ050360
Φ5 x 330 mm - For larger tissue control.

Babcock forceps
FQZ050344
Φ5 x 330 mm - For atraumatic grasping.

info@medi-afric.com | Lebanon | www.medi-afric.com

Grasping Forceps

Fan-shaped forceps
FQZ050217-5
Φ10 x 330 mm - For wider coverage.

Large claw forceps
FQZ100101
Φ10 x 330 mm - 10mm for stronger grip.

Specialised Instruments

Bile duct needle
FQL723
Φ5 x 330 mm - For precise access.

Hernia forceps
FQL730-01
Φ3.0 x 120 mm - Up Shead
For targeted procedures.
